Alicia welcomed members and started the meeting.

Review of 2020 [Open Hardware Weather Report](#)

Review of 2021 [State of Open Hardware](#), thank you all for taking the survey.

Survey data was integral to this report. We had left over grant funds that enabled this report to happen.

[Certification](#) Update: Certifications are climbing, please certify your hardware.

We also have API for the Certification

[2022 Summit](#) Update: We are hoping the Summit can be in person in 2022, but please watch our site for updates

Folks from our sister communities have reports. OSHWA members might find these reports interesting from other organizations in our community:

From Wilson Center: [OSHWA Community Profile](#)

From GOSH: [Open Hardware Roadmap](#) in Science

Q&A: Questions asked about how to get involved with the Summit?

A: a call for speakers happening soon, and sponsorship opportunities are open
